

Specification Safety knife (S066)

Safety knife

Product Code: K8908

The Retractable safety knife is a utility knife with a novel new safety feature. unique mechanism where the blade locks in the 'out' position when a controlled cut is being made, however if the knife is dropped, shaken or jerked, the blade will automatically retract, almost eliminating the risk of accident – the K8908 gives an even greater risk reduction. Suitable for the food and pharmaceutical industries and comes complete with a “security key” for a controlled blade change. Moulded in a metal detectable plastic with stainless steel blade, complete with metal detectable security key for a controlled blade change.
